Minutes were approved from the prior meeting.

Main topic was to prepare for meeting with Government Studies and Ways and Means..

We discussed bylaw changes that we felt were important to everyone. We also discussed the proper approach we needed to take in order to get the support needed to present our Updated Bylaws in front of Town Meeting.

Affirm Action Policy was discussed, but was tabled until the next meeting.

We approved and decided to change mostly verbiage in the updating of the Personnel By Laws..

By law editing was brought up. We thought it was a good idea to have a clean copy.

Jason to have a copy and presentation done on Power Point.

Stan pointed out that we should sit down and meet prior to presenting to other boards.
